Bosch Performance Classes

ALWAYS THE RIGHT CHOICE

Choosing the right tool and accessory for the job is easier with performance classes.

To help professionals find the right product for their application and material, we divided our portfolio of power tools, measuring tools, garden tools, and power tool accessories into performance classes. Thanks to the performance classes, choosing the right product for any job is easier and faster.

PRO

Boosted Productivity for professional applications

The Bosch PRO performance class brings in a comprehensive selection of power tools, measuring tools, garden tools, and power tool accessories built for high performance and efficiency in a wide range of applications. Thanks to their user-friendly designs and safety features, PRO tools and accessories also help users reduce strain and stay protected on the jobsite.

bosch-professional.com/expert/

EXPERT

Top performance

Experience Bosch EXPERT – our top performance class of power tools, measuring tools and power tool accessories built to help you complete the most demanding jobs with confidence and ease. Each EXPERT product is a top performer in its category and application. Thanks to many ingenious solutions and protection features, EXPERT tools and accessories make difficult tasks simpler than before and help professionals work with less strain, in a safer working environment.

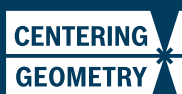

BENEFIT

The benefit icon shows the key benefit of the EXPERT product

TECHNOLOGY BEHIND THE BENEFIT

Bosch Technology icons point out our most advanced technologies

- **Less fatigue** when working for long periods due to compact, lightweight design
- **Comfortable and easy to use** thanks to low-vibration

BEST-IN-CLASS

cutting-height table saw
for precise and long cuts

PRO HEAVY DUTY

TABLE SAW

GTS100-254

0 601 B30 700

Bosch list price **£749.25** (ex. VAT) **£921.58** (inc. VAT) in cardboard box with 1×circular saw blade, optiline wood, 254×2.8/1.8×30 mm, 24, angle guide, push stick, dust extraction adapter, ring spanner, protective cover with dust extraction adapter, profile rail, hex key, parallel guide

- **Best-in-class** cutting height of 100 mm: eliminates flipping workpieces for faster, precise long cuts
- **Precise rip cuts** up to 825 mm: rack-and-pinion fence ensures unmatched accuracy
- **Two dust ports**, unique clamp zones, featherboard compatibility, fast brake system, and soft start functionality to improve user protection and comfort during use

EXPERT

EXPERT Wood circular saw blade

2 608 644 341

254×2,6/1,8×30 mm, T3

For corded bench saws, for stationary table saws, for vertical end cut saws
Bosch list price **£83.84** (ex. VAT) **£100.61** (inc. VAT)

EXPERT

EXPERT Multi Material circular saw blade

2 608 642 528

For corded mitre circular saws
Bosch list price **£121.10** (ex. VAT) **£145.32** (inc. VAT)

SAW STAND

GTA700

0 601 B22 900

Bosch List Price **£88.52** (excl. VAT) **£106.22** (inc. VAT)
in cardboard box

- **Maximum stability:** all-steel construction, balanced center of gravity, and specially designed legs to prevent tipping
- **Easy transport:** lightweight at 8.7 kg and a locking system that prevents accidental opening and protects your fingers
- **Quick fixing bracket:** secures the table saw to the stand in seconds for fast setup

MITRE SAW

GCM305-216S

0 601 B61 070 Bosch list price **£192.34** (ex. VAT)
£230.81 (inc. VAT) in cardboard box with measuring ruler, clamp, dust bag, blade, wrench

- **Long-lasting cutting accuracy:** with the integrated LED light system which indicates the cutting line for the user and requires no manual adjustments
- **Keep your workflow efficient:** the front-access bevel control lets you change angles quickly and easily
- **Professional performance in your hands:** the motor delivers sufficient cutting power for the toughest cuts.

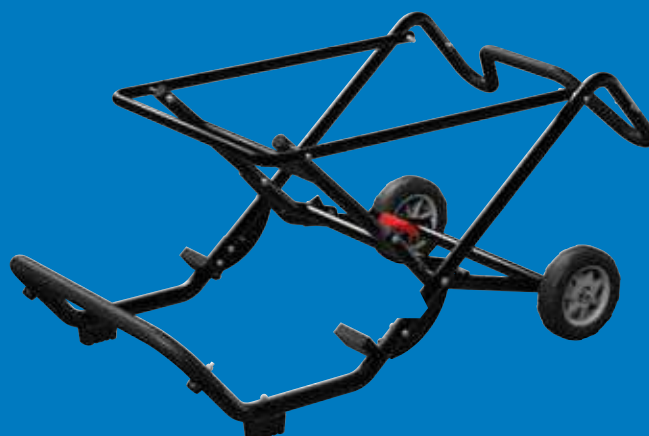

SAW STAND

GTA50W

0 601 B57 000 Bosch list price **£200.38** (ex. VAT)
£240.46 (inc. VAT) in cardboard box

- **Easy to transport:** thanks to the lightweight 19.5 kg design, making the stand 5 kg lighter than its predecessor
- **Universal compatibility:** fits all Bosch table saws for seamless integration
- Simple switching between transport and working modes: enabled by the one-pedal mechanism

ALWAYS THE RIGHT CHOICE

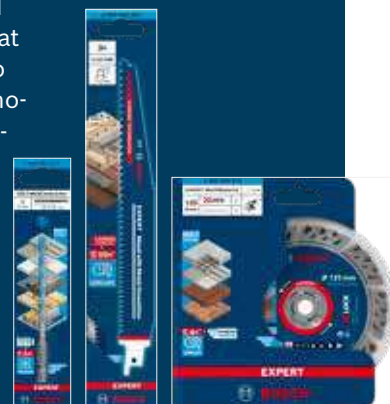

**Three powerful
performance classes.
Suitable for any
challenge.**

When there is a virtually limitless choice of accessories, it can be difficult to make the right choice. To help make it easier for you to find the right accessory, we have divided our entire product range into three performance classes. This enables you to make the right choice for any challenge.

EXPERT

Top performance

Bosch EXPERT is synonymous with top performance and advanced technologies that reflect our commitment to peak performance and innovation. Our EXPERT accessories help you to handle the toughest of materials and the most challenging of applications.

PRO

Increased efficiency

Bosch PRO offers an extensive range of accessories for any task. Every accessory within the PRO product range has been developed for its efficiency in the relevant application, allowing you to take your productivity to the next level.

Bosch

Tried-and-tested quality

Our range is rounded off by "Bosch" products, which offer accessories of proven quality that have been trusted by users all around the world for decades. The accessories in this product range have been designed to make work easier for you.

**L-BOXX
Contractor Backpack**

L-BOXX Compatibility

The L-Boxx Contractor is fully compatible with the world's leading toolbox system – the L-BOXX – with over 45 million cases sold worldwide.

Convenient storage

The fully retractable handle allows the Wheeled Box to be stored upright on a pick-up truck bed.

Quick one-hand handling

Pulling the front handle instantly separates one box from another, making it quick and easy to attach or detach the cases.

Tough on the jobsite

Featuring aluminum-reinforced edges, durable metal-clip latches, and IP65 protection, it stays dust-tight and resistant to water jets from all directions.

ProClick Compatibility

Siderails provide added versatility through compatibility with the ProClick System (tool pouches, safety straps).

Pull, don't carry

Designed to reduce physical strain when transporting bulky or heavy equipment, with large wheels that ensure smooth pulling over any terrain.

MOBILITY SYSTEM

Whether workshop, transport or jobsite:
the Bosch Mobility System is the perfect solution
for space-saving storage and transport of
your hand tools, accessories and small items.

BOSCH PROFESSIONAL HAND TOOLS

For jobs that need more than power tools alone.
With our special edition hand tools, you'll be well equipped for every job.

DISCOVER THE BOSCH PROFESSIONAL HAND TOOLS

Robust **SCREWDRIVERS** with high-quality metal shaft extending through the handle and metal impact cap for fastening, chiseling and loosening.

Sturdy, long-lasting **PLIERS** that need up to 30% less effort to cut materials, compared to standard pliers, thanks to high leverage design.

The **MIXED SETS** offer everything needed to meet the demands of tradespeople who need durability, precision and efficiency.

Wide range of **INSULATED** hand tools: precise, durable and ergonomic. All VDE hand tools are tested up to 10,000 volts and VDE-certified up to 1,000 volts according to DIN EN/IEC 60900.

A professional workshop setting with various hand tools displayed on stands and toolboxes. The background shows a large industrial building with a high ceiling and structural beams. In the foreground, there are several tool displays: a large grey tool cabinet with multiple drawers and a tool rack, a smaller grey tool cabinet, and a black toolbox. The tools include screwdrivers, wrenches, pliers, and sockets. The overall scene is well-lit and organized, emphasizing the quality and variety of the hand tools.
